Getting started is easy

1

Tell us about yourself

Complete a 10-minute questionnaire to open your account and tell us about your experience with pain. Once your account is approved, you can log into the app.

2

Help us build your care plan

Download the Hinge Health app and log in to your account. Then, do a few exercises so we can learn about your pain. This allows us to design the right care plan to help you do more every day, with less pain

3

Start your program

And start feeling better! As your pain improves, so does your care plan—with new exercises and tools to help you move with confidence.
